Dear Lma;

First of all: Happy new year.

Mr. Vuk Bacanovic kindly provided me your email to write you. I would like to thank you for your critical reading of my report. This is important. I agree with you in some points and disagree in others. Off course, I will reply your comments, but not now because I will travel tomorrow.

But please, find here another abstract for the forthcoming paper (in preparation). I hope to read it and provide comments.

With regards

Aly Barakat
